

# **SAMES UPRIGHT PIANO FREE (COLLECT FROM GREENMOUNT)**

This is an old, upright piano, bought refurbished in the mid 1990s. The stool was made at the time of purchase to accompany the piano and has a receptacle for music in the compartment under the seat, which is hinged.

The piano has a Sames frame with and an excellent tone. It has not been tuned for some time and has not been used a great deal.

Due to its weight and size, the new owner must collect it.
